

# ErythriPure

## USDA Organic & Non-GMO

ErythriPure is GLG's Organic and Non-GMO product. It provides a zero calorie and zero glycemic index while enhancing taste and mouthfeel. ErythriPure can be used in applications such as tabletop sweeteners, sports and energy drinks, as well as confectionery and bakery.

### Benefits

- Provides significant calorie reduction
- Well-rounded sucrose-like sweetness
- Zero glycemic index
- Masks undesirable tastes
- Used as a bulking agent when substituting with high intensity sweeteners (HIS)

### Applications

- Tabletop sweeteners
- Carbonated soft drinks
- Sports and energy drinks
- Confectionery
- Bakery
- Dietary supplements
